Security Bank Educates Community to be Money Smart

Security Bank has recently partnered with Casa de Amigos of Midland to offer free courses in financial literacy. The first course being offered is the Money Smart program which builds knowledge, security and confidence in money matters and utilizes materials provided by the FDIC.

Each month, a Security Bank employee will volunteer to instruct a course. Days and times may vary so you will need to contact Casa de Amigos for the schedule. Each class is open to all individuals age 16 and over and covers a different topic such as improving your credit score, advice on borrowing money, the importance of saving and other related topics. Registration is required prior to the class start date. Please contact Casa de Amigos at 432-682-9701 for further information.

About Security Bank

Security Bank was founded in 1928 when a group of local investors realized a vision to help the West Texas community overcome what was clearly one of the most tumultuous times in the history of the United States economy – The Great Depression. Security Bank withstood the instability of that era and proved to be an institution of compassion, character and tenacity. In its 84 years, the bank has continued to endure the changes the market has incurred. It remains one of the oldest financial institutions in West Texas and is continually exceeding the market standards in safety and performance ratings. Security Bank has grown to almost \$700 million in assets and is now expanding to 13 locations in nine Texas counties. To learn more about Security Bank, log on to www.mysbank.com.
