FOR IMMEDIATE RELEASE

Security Bank hosts successful Hunger Action Month Campaign

Midland, TX- Security Bank partnered with the West Texas Food Bank and the San Antonio Food Bank during September for Hunger Action Month by hosting various campaigns throughout the branches. The campaign was designed to support both food banks and also raise awareness in the communities. The West Texas branches, with the help of customers, employees, and the bank, raised and presented a \$10,000 check to the WTFB concluding the campaign. Additionally, Security Bank's locations in the San Antonio region collected over 1,000 food items to donate to the San Antonio Food Bank as well. The campaign launched shortly after Hurricane Harvey, during a time that Texas food banks were in extreme need of financial support to help victims.

September is Hunger Action Month- a month where people all over America stand together with Feeding America and the nationwide network of food banks to fight hunger. This event is recognized by all food banks across the country and is a time to raise awareness and host major fundraising events in the communities served by their local food bank.

"This corporate campaign was a huge success for not only our organization, but for both the West Texas Food Bank and the San Antonio Food Bank," remarked Leah Williams, PR Specialist. Chairman and CEO, James Thomas added, "It's so important to us at Security Bank to partner with our local non-profit organizations and show them support, particularly during a time that they need people to help them out during tragic events, such as a natural disaster in our state. I am proud that we were able to help support other Texans as well by supporting two major food banks in Texas."

About Security Bank

Security Bank was founded in 1928 when a group of local investors realized a vision to help the West Texas community overcome what was clearly one of the most tumultuous times in the history of the United States economy – The Great Depression. Security Bank withstood the instability of that era and proved to be an institution of compassion, character and tenacity. In its 88 years, the bank has continued to endure the changes the market has incurred. It remains one of the oldest financial institutions in West Texas and is continually exceeding the market standards in safety and performance ratings. Security Bank has grown to \$850 million in assets and has 11 locations across Texas. To learn more about Security Bank, log on to www.mysbank.com.
